## Ha! Athletes to Drink From Bottles, Officials Decide

Athletes at Glendale Union High school in the future will be nourished upon bottles instead of sponges.

The team sponge from which weltering gridiron heroes have been wont to drink and bathe at the same time has been banished from the Central League.

This decision was reached in South Pasadena yesterday afternoon at a committee meeting attended by Normal C. Hayhurst, Glendale coach, A. R. Clifton, principal of Monrovia High school, and John E. Al-man, principal of South Pasadena High school.

Individual bottles of aqua pura are to be "toted" about the field by the team "butcher." They will be carried in special baskets and a towel rack at each end will hold small individual towels for each member of the team.

This is Flag Day. All honor to Old Glory!

"Tis but a piece of cloth, with bands of white and red and a blue square spangled with stars, in itself inert, insensible. Yet we adore it. To us its every thread is sacred, its colors perfectly harmonious, its design symbolizing all that is best and noblest in our citizenship. Its hues of form and color charm our artistic sense.

In gentle breezes it waves in slow, graceful folds. In the wind it stands out rigidly, its outer edge snapping savagely. Draped, it is the embodiment of grace. Flying from the staff or masthead, its radiant beauty flashes athwart the sky, an emblem of purity, a symbol of unity.

In its folds we uncover with reverence, while our hearts swell with pride and affection. In its broad stripes and bright stars we see reflected the glory of the greatest of nations, most powerful, most merciful, to which a distracted world looks for deliverance.—Contributed.

Glendale Elks lodge, No. 1289, tonight will observe Flag Day with a fitting ceremony. Following is the program to which the public is invited:

Reporters in the machine were able to receive instructions from their office as well as sending their stories.

## BRILLIANT PARTY AND RECEPTION TAKES PLACE

Mr. and Mrs. Harry Girard  
Give Elaborate Program  
for Many Friends

"Some party, Harry!"

That is the way the friends of Mr. and Mrs. Harry Girard of Glendale expressed their appreciation of the very brilliant reception and party given at the Egan school, Los Angeles, last night, celebrating the opening of their studio at that school and also in celebration of Mr. Girard's birthday. Several hundred friends, including Mayor and Mrs. Spencer Robinson, and others from Glendale, Los Angeles, and vicinity, were present.

A studio reception was held in the afternoon and evening from 4 until 7 o'clock. At 7:30 o'clock the guests adjourned to the "Little Theatre," where a most delightful program of music, songs, and dancing, intermingled with wit, was most enthusiastically received. Mr. and Mrs. Girard sang some of their favorite duets. Davey Jamieson, theatrical dancer who has appeared before the people of Glendale on several occasions, did some very clever soft sole dancing. Henri La Bonté, tenor, sang a group of old Irish melodies and also an original arrangement of Oley Speaks' "On the Road to Mandalay," which he presented at a recent entertainment given by the Business and Professional Women's Club of Glendale. Homer Grunn, composer, played a very interesting group of his Indian melodies.

**Excellent Program**  
Other numbers on the program included an "Argentine Tango" and French Apache dance by Mr. and Mrs. George Larkin of Glendale. Mlle. Prager very gracefully danced to Homer Grunn's "Springtime Waltz," a very interesting toe dance.

Perhaps the most popular numbers presented were the duet by Harry Girard and Henri La Bonté, and also the quartette from "Rigoletto" (Verdi), which was given as the grand finale by Mr. and Mrs. Harry Girard and Mr. and Mrs. Henri La Bonté. Following this most excellent program the guests adjourned to the ballroom where dancing continued until 11 o'clock. During the evening supper was served. Hawaiian music entertained the guests who visited the Girard studio.

## DRUGGISTS RECOMMEND Dr. A. W. Chase's Medicines

The druggist is the one family friend and adviser in whom most of us have implicit confidence. No druggist who values his reputation in his neighborhood will recommend a proprietary medicine unless he is absolutely sure it has real merit. It would be business suicide for him to sell and endorse an inferior article. Thousands of druggists who are now selling and recommending Dr. A. W. Chase's Medicines:

**The Vancouver Drug Co., Ltd.,**  
Victoria, B. C., writes:  
"Dr. Chase's Medicines are always in demand, and there are many repeat orders. There is a reason—Dr. Chase's Medicines are reliable."

**Mr. T. T. Beattie, Druggist,**  
462 Bronson Ave., Ottawa, Ont., writes:  
"I always recommend Dr. Chase's Medicines with perfect confidence, as I receive continual evidence that they are splendid result-producers. In particular I have found Dr. Chase's Kidney-Liver Pills very efficacious. They are among the very best staple sellers and the handling of these goods is highly satisfactory."

**Mr. Frank Hyde, Druggist,**  
Woodstock, Ont., writes:  
"Among our best selling proprietary medicines, Dr. Chase's have a foremost place. They are necessary in every drug store, so permanent is the demand for them."

**Mr. A. P. Chown, Druggist,**  
Kingston, Ont., writes:  
"Dr. Chase's Medicines have for many years had a steady sale and give good results and satisfaction."

**Macartney's Drug Store,**  
Stratford, Ont., writes:  
"The demand for Dr. Chase's Medicines is very steady and in considerable proportion. Our investigation clearly shows that Dr. Chase's Medicines are recognized by the druggists and the people as staple sellers and reliable medicines."

**Mr. Frank J. Hoag, Druggist,**  
Kingston, Ont., writes:  
"Having handled the Dr. Chase's line of family medicines for fully twenty-five years, I have no hesitancy in saying that we consider them among our best sellers, as well as most reliable family medicines."

**Mr. A. E. DuBerger, Druggist,**  
Sherbrooke, Que., writes:  
"I have handled Dr. Chase's lines of medicines for years, and I find that as proprietary medicines, this line is one of the ones—if not THE one—that gives the most general satisfaction to my customers."

**Mr. O. J. Gill, Druggist,**  
Ingersoll, Ont., writes:  
"Dr. Chase's Medicines have a steady sale with us the year round, and we have always found them to be very reliable medicines."

**Mr. E. G. Moxon, Druggist,**  
Truro, N. S., writes:  
"For a considerable length of time Dr. Chase's preparations have been one of our staple lines of medicines. Our patrons find them highly reliable and satisfactory. We consider them among the leading sellers and we aim to always keep them for sale."

**Mr. C. A. McQuarrie, Druggist,**  
Truro, N. S., writes:  
"We have known Chase's Medicines from childhood. Their sales were great then, but greater now, and Chase's goods are among the fastest selling lines. The motto 'Chase's Goods are Good' seems to be upheld throughout their entire line."

**Mr. W. D. Mitchell, Druggist,**  
Prince Albert, Sask., writes:  
"We have handled Dr. Chase's Medicines for a considerable number of years, and find them one of the most satisfactory staple lines, and among the best sellers. They are easy to sell, and we feel that having made a sale of Dr. Chase's Medicines, we have gained a satisfied customer."

## INFORMAL DINNER, BUSINESS MEET HELD BY CLUB

## Purchasing Lot and Building Own Home Suggested to Women's Organization

The first informal dinner of the  
members of the Business and Pro-  
fessional Women's club of Glen-  
dale was held last night in the  
clubrooms at 209 South Brand  
boulevard, with twenty members  
in attendance. This was followed  
by the regular business session,  
with Dr. Laura Brown, the newly-  
appointed president, in charge.

At the business session, Mrs. E.  
P. Beck suggested a new plan for  
the taking care of the affairs of  
the rest room. She suggested a  
separate board to control and  
manage the rest room, with a sepa-  
rate corps of officers. This matter  
was discussed and laid on the  
table until the next meeting of the  
club.

Another suggestion which was  
made at the meeting but not acted  
upon was that of purchasing a lot  
and building club rooms. The  
resignation of Mrs. E. Williams as  
hostess chairman was received,  
but not accepted, and the sugges-  
tion made that the officers of the  
organization interview her.

The second picnic of the organ-  
ization will be held at Verdugo  
Woodlands the evening of June  
27. Members of the club are en-  
titled to bring as many friends as  
they wish. A special program is  
being arranged for that time.

Those who attended the picnic  
last month pronounced it a great  
success, and a larger attendance  
is anticipated this month.

The remainder of the meeting  
was given over to routine business  
and reports.

## David R. Black Is Appointed As Agent

David R. Black of 1450 Ken-  
neth road last night was appointed  
business agent for the grammar  
school system by the grammar  
school board of trustees.

Mr. Black has been a resident  
of Glendale for a number of  
years and is declared to be thor-  
oughly familiar with school con-  
ditions in the district. For some  
time he has been a member of  
the grammar school board and  
was a member of this body when  
it was decided to employ an as-  
sistant to Richard L. White,  
superintendent of schools. His  
resignation from the board was  
accepted last night. It will take  
effect Saturday and he will com-  
mence his new duties Monday  
morning.

Pressure of business matters to  
the exclusion of educational in-  
terests have consumed a large  
portion of Mr. White's time dur-  
ing the present term, it is stated.

## Frank Littell Is Convention Delegate

Frank Littell, formerly of Glen-  
dale, was elected as Southern Cal-  
ifornia delegate to the National  
Rainbow convention at a celebra-  
tion and reunion banquet of the  
famous Forty-Second or "Rain-  
bow" Division held in Los Angeles  
on Monday night. The national  
convention which Mr. Littell will  
attend is to be held in Minneapo-  
lis in July.

Glendale was represented by six  
former doughboys at the banquet,  
which was cooked by the former  
mess sergeants, with the former  
officers serving as K. P.'s. After  
the banquet, officers were elected,  
and at this time the former Glen-  
dale men were chosen.

The Glendale doughboys at the  
banquet were Edwin Sadler, B.  
Douglass, Balthis, Stanley Gor-  
man, Harold Wells, Walter Michel  
and Frank Littell.

## Sierra Avenue Folk Plan Improvements

The cemetery situation and the  
suit in regard to it which is set  
for the last of this month, were  
the principal subjects discussed  
last night at the meeting of the  
Sierra Avenue Improvement As-  
sociation. The meeting was held  
at the home of W. E. Pelley, 1020  
Sierra avenue, and was well at-  
tended by residents of that dis-  
trict.

Minor business matters were  
transacted, and plans were formu-  
lated, it is understood, to oppose  
the cemetery project.

vated while the kitchen and

## In Los Angeles

**Search for Three Thugs**  
LOS ANGELES, June 14.—Police  
today searched for three band-  
its operating in an automobile,  
who kidnaped J. S. Carr, near  
Fourth and Spring streets, and  
robbed him of \$40 and a watch  
and hurled him from their ma-  
chine. Carr was beaten by the  
desperadoes.

**To Investigate Slaying**  
LOS ANGELES, June 14.—A  
coroner's inquest was scheduled to  
be held late today over the body  
of Mrs. Margaret Hogan, 45, who  
was shot and killed yesterday on  
the back porch of her home by  
Mrs. Helen McClung, 52, her land-  
lady, after a quarrel.

Mrs. McClung was held in the  
city jail today under the constant  
care of the jail matrons on a mur-  
der charge. She claimed that Mrs.  
Hogan had cast a hypnotic in-  
fluence over her. It was further  
said by neighbors that the women  
have been quarreling over the  
rent and other matters.

**Dempsey Defies Commission**  
LOS ANGELES, June 14.—No  
boxing commission or commission-  
er is going to be allowed to dic-  
tate as to what Jack Dempsey,  
heavyweight champion, shall or  
shall not do.

Jack Kearns, the champion's  
manager, made this plain today,  
when informed that William Mul-  
doon, chairman of the New York  
State Boxing commission, had de-  
clared that Dempsey would be  
compelled to regard the challenge  
of Harry Wills for a championship  
bout with the champion.

## BROADWAY INN'S OPENING SUCCESS

Large Crowd Shows Full  
Appreciation of Menu  
and Program

Roast chickens were the guests  
of honor last night at 637 East  
Broadway at the opening dinner of  
the new Broadway Inn.

William Herz, proprietor of  
the establishment, was on hand  
with a broad smile to see that all  
of the patrons were well cared for.  
He was heartbroken when every  
seat was taken and still folks be-  
gan coming—in ones and twos, in  
families and in parties. At one  
time about twenty people were  
waiting inside the door for table  
accommodations. However, they  
were all good-natured and waited  
patiently until they were all given  
the very best the pantry afforded.

It seems that Andrew Virag's  
reputation as a chef has preceded  
him from the Hotel Jefferson in  
St. Louis to Southern California.  
Guests of the evening were not  
disappointed. Each item on the  
menu had been prepared with the  
art of a master and was served  
with full flavor.

Chicken soup with home-made  
noodles served as a "mouth  
opener." This was accompanied  
by salt wafers and chopped egg.

**Would Tempt Dyspeptic**  
The main battle, however, was  
with half a roast chicken gar-  
nished with asparagus and  
chopped carrots and a well-sea-  
soned potato. A side dish con-  
sisted of string beans while home-  
made baking powder biscuits were  
served with each order. Tomato  
salad came next and then vanilla  
ice-cream, cake and coffee.

Chicken dinners are to be a  
specialty at the Broadway Inn, ac-  
cording to Mr. Herz. These will  
be served each evening and all day  
Sunday and the chicken will be  
prepared any way desired—baked,  
broiled, fried, roasted, fricasseed  
or raw.

Bitheness for the occasion  
was furnished by a troupe of Ha-  
waiian serenaders who accompa-  
nied Wanda Serrano in a number  
of South Sea wiggles. She will be  
unable to be present henceforth,  
but the musicians will be on hand  
each evening.

pated for that time.

len and Mrs. Harvey Kirk of Glen-

## Every Brush Stroke Defeats Depreciation

EVERY board that is well protected by paint is a board that will not decay.

If your whole house is so protected, it will not decay. That is the secret of saving yourself costly repair bills. Paint costs little compared to repairs.

Therefore paint your house when it needs it. A period of delay is a period of decay.

The next question is what paint to use. Use the best. It costs less in the long run.

The best paint spreads easily—it saves labor cost. It covers more surface per gallon than "cheap" paint.

And the best paint will serve many years longer than "cheap" paint.

So paint your house when it needs it and paint it with the best paint. That's a dollar-saving policy.

The best paints are scientific in formula and preparation. We've made them for 73 years—to meet the weather conditions in the West.

The best materials—PIONEER WHITE LEAD, pure linseed oil, pure zinc, and pure colors—are combined in Fuller's House Paints in scientifically exact proportions with long-time skill.

## HARRY CAREY IN APPEALING FILM

From South Seas to Hot  
Cattle Lands in Arizona,  
Action Is Swift

Switching from the dives of Tiva Tiva in the South Seas to the hot grazing lands of Arizona, the story of "Man to Man," at the Glendale theatre, has a wide range of appeal.

It is a Universal-Jewel feature starring Harry Carey, the actor who is "human" in western roles. Opposite him Lillian Rich attractively animates a figure in Jackson Gregory's story, a woman as charming as Miss Rich herself.

Pathe News, Aesop's Fables modernized, and a two-part Sunshine comedy, "The Barnstormers" complete the bill.

### COMMITTEE SUPERVISES

WASHINGTON, June 14.—The appointment of a central committee to supervise the work of rehabilitating world war veterans will be urged upon President Harding by Director Forbes of the veterans' bureau, it was announced.

The central committee, Forbes said, would comprise experts of national reputation. Regional committees in each of the fourteen veterans' bureau districts, he said, also will be named.

### ATTACK ON NAVY BILL

WASHINGTON, June 14.—The expected attack on the navy appropriations bill was opened by Senator King, democrat, Utah, in a formal statement in which he denounced the reduction by the senate appropriations committee of the allotment for repairs at the Mare Island (California) navy yard from \$750,000 to \$250,000.

## Domestic Servants Join Strike Forces, Demanding Extras

MEXICO CITY, June 14.—A dispatch to El Mundo says that women cooks and other domestic servants at Vera Cruz have joined forces and gone on strike, demanding a minimum pay of thirty pesos a month.

They are said to have served notice also that each will do only one kind of work, such as washing, ironing, cooking or sewing, will work only eight hours a day and must receive extra pay for overtime. They demand also that they be provided with doctors, medicines and free burial, in case of sickness or death.

## LOCAL MUSIC CO. PLANS ADDITIONS

Present Building Is Being  
Extended to Care for  
Growing Business

The Glendale Music company's establishment at 109 North Brand boulevard is being enlarged to keep pace with the firm's growing business.

An addition is being built to the rear of the present building. This will be in the nature of a corrugated iron shed which will extend back forty feet to the alley and will cost in the neighborhood of \$1000.

The new annex will be used to house the workshop, where pianos and phonograph cabinets are re-finished and musical instruments repaired. It will provide a space for the storage of pianos and Victrolas and a display room for those which have been accepted in exchange.

The rear of the present store, which now contains the workshop, will be devoted to sales purposes.

An extra booth will be installed where Sophie Braslau, Emilio DeGogorza, Mische Elman, Amelia Galli-Curel, Louise Homer and other Victor artists may receive their friends.

Another booth is to be built for the rehearsal of player piano rolls. This will be the only one in Glendale.

The Glendale Music company is managed by Frank J. Salmacia and his brother, Vincent Salmacia, both of whom believe that their firm is providing a real service to the community.

## PICTURE REVIVAL PLEASES PATRONS

'Don't Change Your Husband'  
Attraction Tonight  
on T. D. L. Screen

Again Gloria Swanson, this time with Elliott Dexter, "holds down the boards" at the T. D. & L. theatre in Cecil B. DeMille's great picture, "Don't Change Your Husband," for one night (tonight) only.

The series of seven great pictures revived by Ralph Allan for this special week's showing, are fulfilling their intended mission—that of offering the public the benefit of seeing, one immediately after the other, such an array of truly fine productions. It is called "Paramount Week," and has met with success wherever shown.

Tomorrow (matinee only) the George Fitzmaurice production, "On With the Dance," with Mae Murray, will be the attraction. Tomorrow night the graduation exercises of the Glendale schools will be held at the T. D. & L. Manager Ralph Allan having turned the theatre over to them for the purpose—so there will be no show Thursday night.

## F. P. WILKIN TO PLAN CHANGES ON PROPERTY

**Bungalow Grocery Store Closes and Proposed Improvements Start**

Extensive additions and improvements are to be made to the Bungalow Grocery building, 119 South Central avenue by F. P. Wilkin, owner of the property. The work is to be done by the firm of May & Hellman, local contractors, and work will start at once, it is understood.

The frame bungalow, which forms the rear of the present building is to be moved to a location fronting on Ivy street, on the rear of the corner lot. This lot, with 100 feet frontage and 150 feet depth, is owned by Mr. Wilkin. The frame building will be demolished and made ready for occupancy as soon as possible.

The present brick and stucco building, after the bungalow is removed, is to be extended back to a total length of 62 feet. This will give one large store room, 62 feet deep with a frontage of 30 feet. Also, an addition with 20 feet frontage is to be made on the south side of the building, extending back the full length of the present structure. This will make another store room, and it, with the larger one, will probably be leased for grocery or some similar business.

**Open to Extensions**  
In the rear of the business block Mr. Wilkin plans to build three garages. Eventually he may extend the business building south to the corner of Ivy, making three more storerooms.

Because of the proposed additions, it has become necessary for the present store to be vacated while the work is going on. C. E. Boss, who for the past three years has been proprietor of the grocery department of the Bungalow Grocery, is moving his stock to the grocery store which he opened a few months ago at the corner of Columbus and Dryden streets. It is probable that he will not return to his former location.

H. Moore, owner of the butcher shop in the building, has moved his place of business to a location in the grocery and market at the corner of Colorado and Adams streets.

No definite arrangements as to the leasing or renting of the building after remodeling is completed have yet been made.

### PLATE VOLTAGE VARIATION AND PLATE CURRENT

When the plate within a vacuum tube is negatively charged no electrons are attracted to it from the filament or the cloud of electrons surrounding the filament. There is then no conduction through the vacuum of the tube and no current flows in the circuit. We shall call this circuit from plate to filament and back to plate through the battery and connecting wires the "plate circuit." If the plate is positively charged the current flows in this circuit, because electrons are then attracted to the plate and there is conduction between the filament and plate electrodes within the tube. The circuit is completed. If the temperature of the filament is kept constant by keeping in a current flowing through it from a separate battery at a constant value a certain definite number of electrons are emitted every second. Just how many of these electrons will be attracted to the plate every second depends upon the positive charge on the plate which is supplied from the battery in the plate circuit. That is, the plate current will, in this case, depend upon the plate voltage which actually is the voltage of the battery. There will be an increase of plate

current with an increase of plate voltage (plate battery voltage), but only up to the time when all the electrons emitted by the filament are actually attracted over to the plate as fast as they are emitted. After this point is reached there can be no further increase of voltage, because electrons cannot be attracted in any greater number per second or other unit of time. It is the number of electrons actually reaching the plate each second which determines the current strength. As the plate voltage is gradually increased from a zero value the electrons will be attracted in rapidly increasing numbers per second, and the plate current rapidly increases. There comes a time, however, when the electrons are not attracted in still increasing numbers but when the increase is not so rapid and finally ceases. This is the point when the electrons are being attracted as fast as they are emitted and is called the "saturation point." The plate current then ceases to increase with increasing plate voltage when this saturation point is reached. This particular value of current is therefore called the "saturation current."

### A LOW POWER RADIO TELEPHONE TRANSMITTER

Although a government license is necessary to operate a radio transmitter, it is quite possible that a very large number of those at first interested in receiving the broadcasts will wish to do some communicating themselves. Three fifty-watt transmitting tubes may

be used with the set illustrated, and it has been known to project the voice to a distance of 1100 miles. This is perhaps a somewhat exceptional distance, but is said to be reliable at from three to four hundred miles, providing it is installed correctly and there are no very disadvantageous local or other conditions to meet.

The upright panel measures 12

inches by 18 3/16 inches, and at its upper end are mounted a radiation meter reading from zero to three amperes and a milliammeter reading from zero to 500 milliamperes. Back of the panel at the upper end is the inductance helix mounted with its axis at right angles to the panel. At the lower end of the panel are the control knobs for a forty-three plate variable condenser, a twenty-plate condenser and the filament rheostat. Between the two larger condenser knobs and a little below them is the jack connection for the microphone transmitter, a buzzer for modulated C. W. Telegraphy or a key for straight C. W. telegraphy. The microphone is of the hand type and is shown hung on its hook near the top of the panel.

The panel is securely supported by angle iron supports upon a hardwood base. Mounted upon this base and in back of the panel are the choke coil, filter condenser, filament transformer, modulation transformer, a tapped condenser, a 10,000-ohm grid leak and the three-tube sockets. The outfit is supplied with a motor generator which is used to supply the high voltages required for operating the tubes.

It is claimed that the transmitting set will put one and one-half amperes into the average sized amateur antenna and that the antenna current may be increased to two or three amperes when an antenna with a fundamental wave length of 225 to 275 meters is available.

NEW YORK, June 14.—The posting of \$2,500 by Harry Wills as a forfeit to meet Jack Dempsey and the acceptance of the same by the New York state boxing commission makes it as sure as slow poison that the champion will face the black within the period of a year, at the very least.

The New York body is by no means all powerful and even if it went so far and so foolish as to declare Dempsey's title void through his failure to accept the challenge, nobody would consider the decision valid. They don't fall heir to titles by forfeit in America.

A stronger and more persuasive factor than that represented by the august rulings of the New York state boxing commission will be the inevitable and the match. It's public opinion.

Public opinion will not stand for Dempsey side-stepping the issue now that Wills has come out in the open with a formal challenge supported by real American dollars.

Certain elements may prate that it is the worst of bad business to give another negro a shot at the heavyweight title. To these, it might be pointed out that one thing worse than that, a greater reflection on the dignity and common sense of the white race, would be for Dempsey, the champion, to ignore a worthy challenger, be he the color of ink.

Right now, Dempsey is the recognized heavyweight champion of the world. But the time has come to prove it, and if the proof involves a colored man, it is all the more necessary that the debt be taken up without unseemly delay. The weight of public opinion bears down hard on that point and no man, least of all one who represents the highest in achievement, can afford to ignore the popular voice.

That the New York commission seems willing to waive in the case of Wills whatever objections it may have entertained toward mixed bouts here is plainly indicated by the published statements of William Muldoon, its chairman. The commission holds that it must receive word from Dempsey before it can take any action on the mixed bout question; that, in other words, the match must be made first before the commission will make known its mind.

When Jack Hutchinson sailed from the United States last month to take part in some of the major English golf tournaments, he made the statement that he did not expect to retain the title he won last season in the British open championships. A few days ago he was eliminated at Glendale by the Phoenix and Guinness tournament, and in all probability his state of mind helped to do the trick. When a player's psychological state is set at defeat, it is more than likely to be his portion, and the chances all are in favor of Jack having no trouble making good his prediction at Sandwich.

There has been a lot of talk in the last year or so among polo players about popularizing the game by making it easy for the general public to witness the contests. As a matter of fact, thus far, there has been more talk than action toward this end. It will be interesting to note just what effort will be made at the Meadowbrook tournament which commences on June 17, to attract and make welcome the public in this campaign of bringing the game to the public, or vice versa.

Some one ought to get out an injunction against the New York American team restraining it from gumming up the race in that league by making it a runaway race. It does beat all, however, now a team can toboggan once it gets into the chute of defeat.

The Olympic games in Amsterdam in 1928. What a lot of champions will be unmade and made in the interval. Verily, the life of the active athlete is akin to that of the butterfly in its briefness.

It took Ad Santel, the middleweight wrestling champion, seventeen years to make up his mind to shed his German citizenship and take on allegiance to the stars and stripes. Better late than never.

While Babe Ruth is about one hundred per cent behind in his standing in the department of home run hitting, he has made some timely bingles of the on-base variety which have won several games for his team by bringing in the necessary runs. There are a lot of fans who consider this rather more important than clouting a ball over the fence.

### National Parks Will Have Radio Stations

DENVER—Installation of radio stations at scores of strategic points throughout the national park system for the dissemination of news, market reports and other information to the thousands of tourists that visit the parks each summer, will be urged by Stephen T. Mather, national director of the Rocky Mountain national park.

"Radio communication holds vast possibilities for the government," Mather said, "and we intend to take advantage of it."

Mather said he had in mind the opportunity for service to tourists that radio stations in the park systems would afford and indicated that newspapers would be asked to co-operate with the national park service in broadcasting news of the outside world to tourists in isolated sections of the parks.

## CIVIC QUESTIONS CONSIDERED BY DIRECTORS

C. of C. Board Acts on the  
Report of Committee  
Yesterday Noon

The Glendale Chamber of Commerce board of directors met yesterday noon and considered matters brought before them by Dr. Jesse A. Russell, chairman of the civic committee, and decided to hold an executive session at 7:30 o'clock next Monday night.

J. G. Huntley brought up the subject of co-operating with the Foothills Improvement Association in obtaining wig-wag signals for the Pacific Electric crossings at Grand View, Pacific and Central avenues; the proposition of inducing sightseeing tour operators to show Glendale to the visitors of Southern California; the opening of Patterson avenue; the difficulty of mail delivery from Burbank in the northwest section of Glendale—and on all of these subjects the Chamber directors agreed something should be done. So they sent them to committee.

### Three Points

The civic committee's report carried three points with action as follows:

"1. We recommend that the Chamber of Commerce endorse the plan outlined by Harry Girard for a musical festival for Glendale, said plan having outlined as the governing body of such festival an executive committee composed of the heads of the organizations in Glendale."

"2. Because of the many civic questions of vital importance to the whole city and the necessity of the citizens generally having an opportunity to thoroughly study each question with a view of promoting the best interests of the city, we request the board of directors to authorize the civic committee to invite the various improvement and other civic organizations to meet with the committee for the consideration of matters of civic moment."

### Given Permission

The board granted permission for the civic committee to take over this co-ordinating power.

"3. Relative to the question of electric rates, referred to this committee by your board, after a thorough investigation of all phases of this question we do not feel that any change in rates should be recommended at this time."

The latter report was not acceptable to Director J. A. Newton and the others concurred that the question should be more thoroughly dealt with. It was informally stated that the civic committee was writing various cities in Southern California to obtain information regarding the construction of comfort stations.

## Kansas City Church Has 'Sparking Pews'

KANSAS CITY, Kan. — Youth will be served. "Sparking" pews for young people are the attraction in one Kansas City church. Rev. C. A. Finch, pastor of the Central Christian church, has reserved two pews at the rear of his church as an aid to cupid.

"Those who simply can't live without one another should be given every opportunity possible to be together," said the Rev. Finch.

"Lovesick young persons are easily embarrassed by the unsympathetic eyes of dignified church deacons and puritanical matrons who perhaps have forgotten their romantic yesterdays. That is my reason for reserving the rear pews for youthful lovers," the pastor explained.

"I consider it far more appropriate for the younger generation to 'spoon' at church than in motor cars along lonely country roads. Let no youthful couple search for the place to tell love's story—they can 'spark' in Central church."

## Transfers of Service

Transfers of light and water service have been requested by the following residents and are now on file in the public service department at the city hall: G. A. Terrill, 521 East Wilson avenue, 106 West Harvard street; H. H. Cooper, 102 West California avenue, to Hollywood; Doc Saunders, 541 East Palmer street, 117½ West Garfield avenue.

Installation is desired by the following: D. L. Ferguson, 1256 North Alameda avenue; G. M. Lincoln, 406 East California avenue; L. Eckert, 319 Concord street; H. M. Carl, 1248 and 1250 South Orange street; Concrete Building company, 440 South San Fernando Road; W. J. Barnas, 508 Salem street.

The following desire service: C. F. Godfrey, 535 North Louise street; A. E. Reese, 1138 East Elk avenue; J. P. Teilsworth, 706 East Loma avenue; Harry Walker, 410 West Park avenue; Luther Welch, 724 North Brand boulevard; Doc Saunders, 541 East Palmer street; A. P. Ride-nour, 604 South Belmont street; Mrs. M. Berg, 102 West Doran street; Mrs. A. M. Wade, 235½ North Brand boulevard; S. Gilkinson, 328 1st Bonito avenue.

## Governor Laughs At This One; Do You Seek Chuckle?

SACRAMENTO, June 14.—Governor W. D. Stephens yesterday found respite in a whole-souled laugh. Then he called in the press representatives that the rest of the world might laugh, too. Here's the reason:

"Dear Governor: I take my pen in hand to write you about my license which I lost. I wrote him six months ago. I sent too dollars. He take it. I get no license. I think make he spend him on flapper. I get no license, anyhow. I buy good farm, build good home and no can sell. Will you send me license purty quick. Make I vote for you if I get license. Make you get my too dollars from real estate emish."

## COMES TO VISIT TWIN BROTHERS

Third Brother Arrives In  
Glendale; How Will He  
Recognize Them

C. C. Berry, agent for the Chicago, Burlington & Quincy railroad at Bedford, Iowa, arrived in Glendale this morning to visit at the home of his twin brothers Ralph E. Berry of 205 North Adams street, and Ray E. Berry of 206 North Cedar street. The former is employed in the boulevard branch of the Los Angeles Trust & Savings bank while the latter is at the Glendale avenue branch.

"How will he tell 'em apart?" is the question friends of the Berry brothers propounded as they went to greet their kin.

"Only a mother could tell," said one.

Both wear the same kind of kellys, they both wear suits, shoes and furnishings and every day customers at both banks cannot believe their eyes.

The Berry twins were born in St. Joseph, Mo., played in the town band together, and otherwise twinned around something terrible. However, when they married they missed out on twin sisters and Ralph, who came to California first, weighs slightly more than Ray.

## PENDROY CLUB ON VERDUGO OUTING

Store's Progressive Club  
On Picnic Hears Of His-  
tory of Glendale

Lloyd H. Myers, a resident of Verdugo Woodlands and sales manager for the F. P. Newport company harbor property, told the history of Glendale to Pendroy's Progressive club at its picnic Monday night in the California pavilion at the Verdugo Woodlands.

W. L. Twining, general manager of the Newport company, introduced Mr. Myers, who proved quite entertaining with his description of the days of the dons leading up to the present progress and prosperity of the community which makes Pendroy's possible.

At 6 o'clock a picnic dinner was served with Mr. and Mrs. Earl C. Pendroy as honored guests, the committee in charge having had made a cake with the numeral "13" thereon, commemorative of May 13 when the store opened. The enjoyable evening concluded with dancing, music being provided by phonograph and piano.

Plenty of motor cars were provided for the employees of Pendroy's store and they still are talking about the novel event amid the live oaks and sycamores which abound in Verdugo Woodlands.

## Intermediate Team Celebrates Victory

The "Aces" of the Intermediate school, who won the championship in the seventh grade girls' play-ground ball schedule, celebrated their victory yesterday with a picnic at Brookside Park. The "Jackrabbits," a team of seventh grade boys, were guests of the occasion. Through the courtesy of H. J. Olmstead, Francis E. Wilkinson, J. R. Thompson, Mrs. J. W. West and Mr. and Mrs. A. C. Muff, the trip was made by motor, leaving the school grounds at 3:30 o'clock and arriving in good season to enjoy the swimming pool, where they spent the greater part of the afternoon. Tennis was also a favorite diversion.

The most important feature was the delicious picnic lunch, served by the girls, assisted by Miss Gladys Sharpe, manager of the boys' team and who is director of the seventh grade girls' activities. The party returned home at an early hour.

Members of the girls' team were Jeannette Yarbrough, captain; Josephine Miller, Chloe Solaner, Edith Thompson, Janet West, Edith Elliott, Dorothy Hoskyns, Clara Robert; the boys were Allen Lovell, captain; Raymond Frey, Eugene Fisher, Harry Bostwick, John Klann, Earl McIntyre. Other guests were Ennis Olmstead, Tom Muff, Frances and Ann Elizabeth Wilkinson, Henrietta Berlin, Roberta Cullen, Frank West, Mrs. F. E. Wilkinson.

## COMMENT THAT'S ALL

Puzzles in Street Names  
How to Get Improvements  
Boost for More Building  
As Two Editors See It

By Gil A. Cowan

EVERY hour almost brings a new puzzle to the business men of growing Glendale.

On account of annexation the inconsistency of street names and numbers is most glaring.

For instance, there is the San Fernando Road and Fernando Court; Chester street and Chester Place, Chestnut street and Winchester avenue, any one of which may be confused in the ordering of deliveries.

Then there is Vine street and Vine avenue to bother the busy person, so, when all is said and done, at the end of the day an awful lot of time has been wasted.

What is true in Glendale is only more marked in Los Angeles where all of the communities must be considered. Hardly a day passes but what the postoffice sends through some communication addressed to "Brand boulevard, Los Angeles."

Of course, it means Glendale, for the only other "Brand boulevard" in southern California is out in the vicinity of the San Fernando mission.

And, while the latter is in Los Angeles, no one knows it!

One thing that makes any section of a city, county or state of importance is its civic societies.

If these local bodies are alive to a situation they can accomplish something worth while.

Take the Foothill Improvement association for instance. At its meeting a week ago the members started a campaign for half a dozen different things.

J. G. Huntley, who represents that section of the city on the board of the Chamber of Commerce has gotten behind their efforts and enlisted the support of the larger organization.

Now the people in the northwest section of Glendale are helping themselves and being helped to something for their own betterment.

The same is true of other sections including the Eastside, Glendale avenue, San Fernando boulevard and the rest.

Building today should top the three million dollar mark for Glendale during the first five months.

That is a great record, one which this city can boast, but can it not be bettered?

There are many ways in which it can be done legitimately. One is to get the high school building going.

Another will be to see the Glendale Sanitarium carry out its plans at the earliest moment.

And better yet will be for the citizens to support two big civic propositions, one being the electrifying of the Sale Lake route branch of the Union Pacific on Glendale avenue and the other is to get behind the American Legion's scheme for the building up of the present sanitarium site.

Certainly Glendale offers one about every kind of diversification.

Besides the motion picture theatres the baseball club and the Spanish War veterans have united in having a carnival.

While it isn't the greatest show in the world, it is very clean and interesting to those seeking such entertainment as the beach pleasure park provides.

Of course, there are the games of chance, but they are to be found anywhere and if people don't spend their money on them, they would ride the ferris wheel to a point of distraction probably.

The Hollywood Citizen says, under the caption "As Two Great Editors See It":

"William Allen White came strongly to the defense of the dog the other day, when the city council of Emporia offered twenty-five cents to boys for every stray dog brought into the pound for killing, with a strong editorial denunciation of the idea saying that: 'A boy who would take a stray dog to the pound is too mean to live himself.'"

"Arthur Brisbane in commenting on the editorial approves some of the sentiment expressed therein but insists that we are wasting on the dogs sympathy that ought to be going for the children whose lives are ground out in factory employment."

"Possibly both editors are right in their expressions. White seeks to bring to the public's attention in boys and Brisbane directing attention to the unkindness in men."

"Perhaps White is going after the cause and Brisbane after the effect."

"If White succeeds in building up in boys a spirit of kindness towards animals, the same spirit will prevail when those boys have grown to manhood and, just as they will not do an injury to an animal for twenty-five cents to-day, so will they not grind the lives out of little children for profit when they are men."

"If Brisbane cannot stop the child labor today perhaps White's boys will stop it when they grow to manhood."

"Anyway, both editorials should help."

## HOPES HAPPY SOLUTION

WASHINGTON, D. C., June 14.

President Harding hopes that the problem of the disposition of the government's Muscle Shoals (Alabama) property will meet with a happy solution in congress, but he believes this question should be laid aside while the ship subsidy legislation is considered. It was learned officially at the White House.

## PLANS FOR CLUB'S NEW HOME ARE ACCEPTABLE

Work of the Committees Is  
Endorsed at Meeting of  
Organization

(Continued from Page 1)

C. H. Temple, Mrs. E. D. Yard and Mrs. Daniel Campbell.

The fact was brought out that the approximate total cost of \$95,750 could be lowered considerably by only partly furnishing the clubhouse and adding to it from time to time. Mrs. Daniel Campbell, who was chairman of the special finance committee, which also included Mrs. Bartlett, Mrs. Hunt and Mrs. Meeker, announced that L. C. Brand had offered a loan of \$50,000 at 6 per cent. She also stated that it was planned to raise \$10,000 by individual loans, which, with approximately \$23,000 in the bank, will leave \$12,750.

Assuming the new debt with the interest thereof and the payment of \$3,000 on the debt, it was stated that with the acceptance of the building committee's report the annual expense would be approximately \$12,000. A rising vote of thanks was given the building committee for their work.

### Program Is Enjoyed

The program committee had secured as the artists for the afternoon Viola Ellis, noted contralto singer, who was formerly with the Metropolitan Opera company, and Miss Alma Geiger, talented pianist, who is a resident of Glendale, and also a member of the club. The singing of Miss Ellis, who has a wonderfully rich voice of colorful tonal qualities, was a real delight, as was also the intricate piano number given by Miss Geiger "Hungarian Rhapsody No. 12 (Liszt)." The program presented by Miss Ellis included the following numbers: "Amour, Vieni, Aider" (Saint-Saens), "I'm Wearing Awa" (Arthur Foote), "Dawn" (Curran), "The Silver Ring" (Chaminade), which was especially appealing, "The Old Road" (John Prindle Scott), "Where Blooms the Rose" (Rasbach), a beautiful selection entitled "Trees" (Joyce Kilmer), two compositions written by Charles Perry and dedicated to Miss Ellis "A Mountain Vigil" and "The Storm," the latter of which was a very colorful number. "Jai Pleure on Reve" (Georges Hue), "L'Esclave" (Edouard Lalo). As a finale to this excellent program was the splendid interpretation by Miss Ellis of "Le Tigre" (Victor Matte), which was quite different from any of the other numbers presented by her and one which was greatly appreciated by the large audience. The resonant quality and unusual range of voice shown by this dramatic soprano will long be remembered by the club members.

### Membership Growing

The membership of the club is increasing steadily. At yesterday's meeting twenty-six applications for membership were read. Announcement was made of a meeting of the arts and crafts section at the home of Mrs. R. W. Meeker Thursday, June 15. A special business meeting of the Shakespeare section has been called for Monday, June 19, at the home of the curate, Mrs. Walter Jones. Mrs. Hutchinson stated that the hospitality committee will serve the annual luncheon of the club to be held June 27. Whether the corner stone of the clubhouse will be laid on that day remains to be seen, she stated.

### APPROVAL BY HARDING

WASHINGTON, D. C., June 14.

President Harding has approved the location of a \$1,500,000 hospital at Camp Lewis, Tacoma, Wash., on government owned land of about 400 acres for the rehabilitation of disabled former service men, the veterans' bureau announced.
